## Term 3

Welcome back to everyone for the start of term 3.

Nearly all of the children have returned fit and well and are already well settled into their learning.

The Ministry of Education have been undertaking an attendance check across all schools.

It is well recognised that for children to learn well, they need consistent attendance, being every day.

Nearly all of our children have really good attendance and yes we all get sick occasionally.

We are however concerned about a small number of children/families and I or the Attendance Officer, will be contacting them over the next 2 weeks.

## Parent Interviews

Parent/teacher interviews are being held next Monday 27th and Tuesday 28th July.

If you have asked for a interview day/time it will be attached to this newsletter.

If you forgot - urgently ring Suzie.

## Parent Payments

Many of our parents have set up regular payments to the school, which means stationery is already covered at the beginning of each year.

If you would like to set this system up please discuss it with Suzie.

Please also remember that the school isn't a bank and we can't pay back extra money until your child leaves the school. So please don't put too much money into your account!

## 7-Aside Pahiatua

This event is 2 weeks away and teams are being finalised.

Sadly not all children can participate because there is a limit of 8 teams of 7 children with a reserve for each team.

Information will be sent home next week to the families of children participating.

## Jump Jam

After many auditions, and a very difficult selection process, the Jump Jam teams for the upcoming competition in August have been named.

Lists of the teams are on the office window and those who have been selected will have a permission slip and notice to bring home and return.

## Rooms 1 and 2

The building work currently being undertaken is progressing really well, with the contractors being ahead of where they were predicted to be.

Rooms 1 and 2 are looking rather bare as new wall fittings are currently being installed and a new corridor has been added between Rooms 2 and 3.

The gas heaters are being replaced by heat pumps. This will mean that there will also be cooling available in hot weather, which has been a problem over the last few summers.

Rooms 1 and 2 are working in the hall for the next few weeks until their rooms are ready for them to move back.

When these rooms are finished Rooms 3 and 4 will move to the hall so their rooms can also be upgraded.
