

Huia Range School

Term 1 Week 8, Thursday 23rd March, 2023

Website: www.huiarange.school.nz

He mihi mahana kia koutou – A warm greeting to you all

School Phone Numbers 027 781 2224 06 374 6444

Health Consultation

Every second year the Board are required to consult with you, as parents about the school health programme.

Please complete the attached questionnaire and return it to the classroom teacher (one per family).

All questionnaires returned will gain house points and will go in a draw for a \$100 New World voucher.

Parent Contacts

Please ensure you keep Suzie informed when you change phone numbers or when you shift house.

We have had a number of children who have been unwell or who have injured themselves at school and we have been unable to contact or find parents and caregivers.

It would also be helpful to have more than one contact number just in case you leave your phone at home or you are in Palmerston North for the day.

An emergency family member or nice neighbour would be extremely useful.

Lost Property

There is an amazing amount of lost property in the office area.

The uniform pieces are mainly polar fleeces and they are all not named.

If your tamariki is missing a polar fleece come and see Suzie and check the 'pile' out!

Footwear

Please check your tamariki's footwear. Crocs are not appropriate footwear at school. Plain black shoes please.

Swimming Sports

Congratulations to all our competitors place getters and winners who were at the school swimming sports last Friday.

I was fortunate to be able to watch the finals and relays.

Two things really impressed me:

1. how well behaved all of our tamariki were as they sat on the benches waiting for their turn to swim
2. how incredibly helpful and supportive the seniors were with our younger tamariki, especially during the relays.

Thank you to all the teachers, teacher aides, parents, friends and whanau for the support on the day.

A special thank you to Michelle Mitchell for being the starter and the swimming 'judge' for the day. This isn't an easy task, but Michelle handled everything positively and well.

Results are attached to this week's newsletter.

Cups and certificates will be awarded at the school assembly on Monday, which starts at 2.10pm.

Parents are very welcome - please be in the hall and seated by 2.05pm.

New Entrants

If you are aware of any young tamariki that are 3 or 4 years old and are intending to come to Huia Range please ask their parents to contact us so we have them on our list and they are invited to the visits before they start.

Up Coming Events

April

4 - Tuesday
Board Meeting - Staffroom 6.30pm

5 - New Entrant Visit Day

6 - Thursday
STRIVE Day - Final day Term 1

7 - Good Friday - School Closed

3rd	Isaiah Marsh

We are very grateful that this swimming event was finally able to take place.

Congratulations to all our winners - a tremendous achievement! Well done to all our swimmers who participated in the swimming events last Friday at Wai Splash. Thank you to all our staff, parents and children who undertook the time keeping and a whole range of tasks to support the event, to ensure the children had a successful day.

LUNCH BY LIBELLE

Health Curriculum Review

Section 60B of the Education Act 1989, as amended by the Education Standards Act 2001, requires Board of Trustees to produce a written statement, following consultation with the school's community, about how the school will implement health education at least once every two years.

The Key Areas of Learning in the National Curriculum Document: The Key areas of learning reflect and address the current health and physical education needs of New Zealand students: The four relating to Health are:

- **Mental Health** - This key area is about providing children with opportunities to develop knowledge, understanding and skills to strengthen personal identity, enhance a sense of self worth and to develop effective relationships with others.
- **Sexuality Education** - Sexuality Education provides students with the knowledge, understanding and skills to develop positive attitudes towards sexuality, to take care of their sexual health and to enhance their interpersonal relationships now and in the future.
- **Food and Nutrition** - Food and Nutrition education enables students to make informed decisions about food and the choices that will contribute to their own well-being and that of other people.
- **Body Care and Physical Safety** - Learning about body care provides students with opportunities to make informed decisions about body care, to recognize hazards in the environment and to adopt safe practices in relation to these.

These key learning areas are broken into:

Personal Identity

Who I am

Co-operation &

Team Building

Year 8 leadership camp

Healthy Living

Dental

Personal Hygiene

Food and nutrition

Safety

Sun

Water

Road

Fire

Train

Cycle

Dog

Cyber

Keeping Ourselves Safe

Sexuality Education

My body & me

Friendship

How we treat ourselves & others

Belonging to a new class/team
or school

Huia Range School

Health Consultation

1. Which of the four key learning areas in Health do you consider to be the most important for students to learn? (Mental Health, Sexuality Education, Food and Nutrition, and Body Care)
2. Why do you consider this the most important area?
3. What does our school do really well in Health Education?
4. Are you concerned about any particular aspects of the Health and Physical Education currently being taught?
5. Are there any other issues you think the school should address in it's health programme?

Please return this completed form by Tuesday 28th March, to your class teacher for 2 house points and the chance to win a \$100 New World voucher.
